

Bonus: Find The Hitman

Millbrook -- Digital Download

New evidence places the hitman here, in Lowbridge -- a county that never appeared on any of the three ledger pages. Nobody in Old Town, Riverside, or The Heights is the hitman; they were only ever the bait. Cross-reference everything you learned protecting the three intended targets against Lowbridge's own directory to find the one name that fits.

3,040 residents in Lowbridge. One hitman.
